

CRI can help you minimize your tax burden as you expand your business' geographical borders.

### BENEFIT FROM SERVICES AND SOLUTIONS THAT ARE:

- **Diligent.** The nuances of cross-border tax planning and reporting can be challenging and even daunting. CRI is assiduous in researching international tax issues, assisting with transfer pricing reports, and creating detailed models and calculations to find opportunities to enable your global success. We focus on ways to positively impact your bottom line while helping to ensure tax compliance.
- **Resourceful.** Our team has the backing and support of some of the world's most highly regarded accounting firms through our membership with PrimeGlobal, an international network of accounting firms. This combined powerhouse gives us global coverage and understanding, deep industry knowledge, and highly technical expertise – which helps you make well-informed, smart business decisions.
- **Insightful.** CRI has the acumen to help you expand your global reach and thoughtfully grow into international markets. Whether you are inbound or outbound, we look past the numbers into your short- and long-term goals, growth plan, and market picture. Plus, we consider the economics and competitive landscape of newly chartered jurisdictions.

As the business world becomes more globalized, companies will need to clearly understand the intricacies of international tax. These details can be burdensome for planning and profits. Entities looking to boost their competitive advantages through international channels need advisors who can help them succeed in this complex environment.

CRI has experience with international tax matters such as entity selection, proper reporting of international assets, and impat/ expat compliance services. Our specialists assist both international companies conducting inbound transactions and U.S.-based organizations focused on expanding their borders.

We understand how challenging it can be to satisfy ever-changing international tax requirements. Therefore, our tax compliance services are designed to help clients comply as efficiently as possible. Our specialty services include:

- **FATCA and FBAR filings.** We use our knowledge of the Foreign Account Tax Compliance Act (FATCA) and the Report of Foreign Bank and Financial Accounts (FBAR) to help clients submit the correct documents and take steps to protect their foreign assets.
- **Tax Planning and Compliance for U.S. and Foreign Employees.** Whether you are a U.S. employee working overseas or vice versa, we can assist you with fulfilling your tax obligations so that you remain in good standing with the IRS.
